Forecast For Grampian
Issued by Met Office Aberdeen
at 1600 on Thursday 16 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy start on Friday, brighter by afternoon.

This Evening and Tonight:
A dry evening, then cloud will thicken from the west to bring a little rain tonight. A mild night with a moderate south or southeast breeze springing up. Minimum temperature 12 deg C (54 deg F).

Friday:
A cloudy start with some sporadic rain, then becoming drier and brighter with some sunshine breaking through in the afternoon. Moderate southerly breeze, and quite warm away from east coast. Maximum temperature 19 deg C (66 deg F).

Outlook for Saturday to Monday:
Often dry with some brightness at times, although a few showers are possible over the weekend. Becoming mainly dry on Monday.
